Slash \$80,000 from School Budget

Arlington's record-shattering school budget has been slashed by over \$80,000 and the total amount of Federal Funds received in 1965, \$59,169, turned over to the Town.

This action taken last week will serve to cut an estimated \$1.50 off the anticipated \$6.00 tax rate increase caused by the community's first over \$5,000,000 school budget.

School Committee members and the Supt. and Assistant Supt. of Schools met with the sub-committee of the Finance Committee last Wednesday night in an effort to complete the budget discussion on schools.

Three members of the sub-committee George Rugg, chairman of the sub-committee; Charles Blackman and Ronald Higby were in attendance.

Limit Painting

Last year the total funds appropriated for schools was \$4,644,906.02. Original recommendations this year called for an appropriation of \$5,217,000. The cutbacks last week dropped this figure to

an estimated \$5,137,299, which represents an increase of approximately \$493,000 over last year's appropriations.

Agreement was reached last week that from now on painting work in Arlington schools would be limited to two buildings.

The School Committee had originally requested that painting be done in six schools. Now, the only painting requested will be at the Cutter school, \$3500 and at the Hardy, \$4250.

Cut from the budget were requests for painting at the High School, \$2700; Bishop school, \$10,000; Dallin school, \$7500 and Thompson school, \$9600.

No Cafeteria Repairs

Requests for storm drains at the Junior High East and the Cutter school, totaling \$4570 were also cut from the budget.

Storm drains will be installed at the Locke school. The largest slash came in requests for remodeling in the High School cafeteria where \$15,000 was "knocked" off. Include in this amount was a request for a new floor on a portion of the cafeteria.

Another \$10,000 was cut from a request for instructional equipment (mostly at the High School) and \$6000 was cut from the audio-visual equipment budget.

Remodeling of the boys shower at the High School at \$6500 was also slashed.

Another large request turned down was that for \$11,600 for the hot-topping of the playground at the Junior High West.

Workmen unload boxes of equipment for 200 bed packaged disaster hospital for the Town of Arlington at Public Works Yard. Equipment is worth some \$125,000. New addition to Arlington High will be used as hospital if needed.

Plan Renovation at Symmes

The Symmes Hospital building committee signed a contract with George T. Rooney and Company for an extensive \$250,000 renovation program.

Old areas which will be converted into new include laboratories, pharmacy dept., medical record dept., blood bank, administration offices, physical therapy, nursing dept., accounting dept., doctor's lounge, male locker room, female locker room, in-

tensive care unit, and an additional lobby elevator.

Also, a new area will be constructed for the cashier's office, adjacent to the main lobby and entrance. Many of the patient service areas were designed to facilitate the admission, treatment, and discharge of patients.

This program will be the final stage of construction started in 1963, with the building campaign drive for the Nickerson wing. Plans were developed, along with this construction project, to renovate the old areas once the new building was completed and operating.

Town Manager Edward C. Monahan today announced the arrival of the first shipment of a 200 Bed Packaged Disaster Hospital for the Town of Arlington. This emergency hospital will be stored in the Public Works Department Yard through the cooperation of the Town Manager Edward C. Monahan, and Mr. Frank O'Hara, Superintendent of Public Works.

These "Packaged Disaster Hospitals" are made available under the Federal pre-positioning of emergency medical resources program and represents all the component parts of a complete hospital. Although worth \$125,000, it is stored at no cost to the community except transportation of the first shipment.

Acquisition of the emergency hospital for Arlington was the direct result of the coordinated efforts of Civil Defense Director John P. Dempsey; Town Manager Edward C. Monahan; Superintendent of Public Works Frank O'Hara; and Staff Members of Area 1-MCDA

John L. Lovering, Director, and Mr. Bernard W. Judge, Sector 1-C Director.

Dr. Bert A. Roens, Superintendent of Schools, has agreed to allow the use of the new Freshman addition of the High School for use as a hospital if the need arises.

The new facility is a medical resource to the community. It provides care for 200 patients for 30 days including everything from X-ray and Operating Room equipment to medicines, blood, medical supplies, etc.; in other words, all components of a regular hospital.

If the community were to purchase this, it would cost in excess of \$125,000.

Existing community hospitals who are members of the Massachusetts Hospital Association will assume operational responsibility. Custodial responsibility will remain with Civil Defense.

Space required when fully set up is 15,000 sq. ft.; to be stored is 1,165 sq. ft.; with refrigerated space for

Between 75 and 100 residents of the Arlmont Village area were present at a hearing held Monday night in the Hearing Room at Town Hall. Pictured above is a segment of this group and members of the Board of Selectmen.

John Fennell, representing the M.B.T.A. told residents of the Arlmont area Monday that he would recommend to the Commission that some action be taken for more bus service in the area.

Selectman Chairman Joseph Greeley speaking with the backing of the other members of the Board requested immediate action to improve the bus service.

Nearly 100 persons were present at a meeting Monday

night at Town Hall which Chairman Greeley termed the largest in years.

Residents were hopeful of having more buses added or the continuation of the present Harvard Sq. to Park Circle run, particularly on Saturdays, Sundays and at night.

Several of those present noted the difficulty of traveling to other parts of town

THE Observer

Arlington's School Committee has met again in session with the sub-committee of the Finance Committee and as a result, the record budget has been slashed by some \$80,000.

This could mean a reduction of some 85 to 90 cents on the original tax rate estimates. In addition Federal Aid received by schools this year in the amount of some \$59,000 has been turned over to the Town.

All of which means that the tax increase from the School Budget alone will go up about \$4.50 (that's an estimate) instead of \$6.00.

Hope our kids appreciate all this — and whatever happened to the concept of the "Little Red School House"?

Thanks to Executive Secretary of the Board of Selectmen Frank Nickay who as usual came up with the right answer when asked to explain the "opening and closing" of the Warrant for the Annual Town Meeting.

Seems the Warrant isn't officially "opened" as such, the phrase has been more or less "coined" because it seems more definite and sets a beginning and an end to the period in which registered voters and committees may submit articles.

The Warrant is officially closed on Jan. 17. This is the important date to remember since residents will know that after that there's no tomorrow — and that they do have to wait until next year.

A question which no one even wants to think about answering is: "What would happen to the tax rate if all state aid to towns and cities should be held up pending a "meeting of the minds" of our Legislators on the tax question.

"Woe is me."

Whatever happens to those controversial questions which always seem to come up during political campaigns, and then for some strange reason disappear until the next political campaign?

The right of the resident to complain when he thinks he has a "gripe" is part of our way of life, but where the "heck" is this guy when his neighbor has a "gripe"?

when the family car was being used elsewhere.

Mr. Fennell explained that a Sunday run had been tried in the area in 1953 but that it hadn't been patronized.

Those present didn't agree with this comparison noting that the population had increased considerably since that time.

Mr. Fennell told the residents that it would probably be March before a "trail run" could take place.

Residents were not happy with this, feeling they needed the service now.

Two of the speakers asked why the Park Circle bus couldn't swing around to accommodate their area; they emphasized they were paying taxes too.

Approve Licenses

A request by Richard E. Leahy, 72 School st., for two hackney carriage licenses from a public stand at 961 Mass. ave. was approved by the Board of Selectmen Monday night.

To Continue Culvert

Selectmen Monday earmarked for an article to be inserted in the Warrant for Annual Town Meeting a request to use a portion of Federal Funds for the extension of the Mill Brook Culvert in the Grove st. area.

Granted Permission

The Arlington Chapter of the Boston Association for Retarded Children has been granted permission by the Board of Selectmen to hold a Winter Music Festival-Variety Show, Jan. 15 at the Arlington high school auditorium.

Talk Around Town

We're going to have new number plates.

Governor Volpe has signed into law, a bill which will revolutionize automobile number plates in Mass. Beginning in January of this year, plates will be manufactured of aluminum with a brilliantly reflective surface coating designed to provide high visibility, both day and night.

The first permanent plate issue would be designed to have silvery white background with dark blue letters and numerals.

Registrar Richard E. McLaughlin has stated that the new plates, although initially more expensive, would more than pay for themselves by their increased durability since the new plates are unconditionally guaranteed for a minimum five-year life span.

Ariel A. Thomas of Arlington has been admitted to partnership in the firm of Metcalf and Eddy, engineers of Boston, New York, Palo Alto and San Francisco.

Chief Storekeeper James D. Collins, USN, son of Mrs. James D. Collins, 36 Oxford st., is serving aboard the attack carrier, USS America, operating in the Mediterranean with the Sixth Fleet.

Four Arlington residents were among the more than 200 business leaders attending the Leadership Conference at Bentley college, Boston.

Included are William F. Staples, Jr., School st.; W. Alan Morton, Oldham rd.; D. Francis Mahoney, Windmill lane and Miss Dorothy R. Latsey, Aerial st.

More than 25,000 banks and other financial institutions serve as issuing agents for U.S. Savings Bonds, and many more thousands of business establishments sell Bonds to their employees through the Payroll Savings Plan. They make Savings Bonds the most accessible security ever known.

A sun dial, valued at \$35, was reported stolen from 4 Mystic st., Jan. 1.

Editorials

How Much Will It Cost?

The amount of damage caused yearly through the breaking and stealing of glass in Arlington alone, would make interesting reading.

No less than 15 reports of Christmas bulbs and lights of one sort or another being broken or stolen appeared on the police blotter during the period Dec. 30 through Jan. 2.

Similar figures were on the blotter during the three weeks previous to this time.

Over the year, including the same period, numerous reports of broken windows in residential and business areas,

plus those in cars traveling around town are reported to local police.

Meanwhile, reports of broken glass is tabulated from Arlington schools. Complete facts and figures are kept of the latter.

But how many more such incidents go unreported. How many bulbs are taken or damaged at Christmas time throughout the community without a report ever being filed?

How many BB shots hit car windows, and how many rocks shatter panes of glass which are never reported?

The figures might be astounding.

Babson Discusses

RIISING MONEY RATES

Exclusive News Feature

Babson Park, Mass., January 6. Everybody wants money. Businessmen are borrowing it. So are house owners, consumers, towns, and speculators in common stocks and real estate. Bank loans to business have climbed 20% in the most recent twelve-month period. Just how rapid a rush into debt this is can be measured by contrasting the 7% to 10% advances commercial loans that took place in the three prior years.

SWAMPED IN A SEA OF DEBT

Everybody is in favor of prosperity. As Al Smith once so aptly put it, no body wants to "shoot Santa Claus". It is widely understood today that without abundant money supplies made available through borrowings, the business boom of recent years would run out of steam and grind to a halt.

But, unfortunately, it is not so widely understood that money supply created by borrowing means that for every dollar of loan there must be an offsetting dollar of debt. Debt which must one day be repaid. Furthermore, history clearly shows that the gravest economic difficulties beset the businessman and consumer alike when credit (debt) becomes overextended. Any upset to the economy could start a rush for the liquidation doors. And a prosperity that was floating along merrily on a tide of credit suddenly would become swamped in a sea of debt.

BATTLE OF THE RATE

That is what the U.S. money managers were worrying about when they hiked the rediscount rate from 4% to 4½% on December 3. For some time, debt had been expanding more rapidly than the output of our economy. The Federal Reserve Board is charged by a law that was written over a half century ago with the duty of providing business with sufficient credit to meet legitimate needs for growth... but not so much as to touch off a runaway inflationary boom.

But human nature hasn't changed. Just as in the late 19th Century — in the days of William Jennings Bryan who visualized the "hard money" men of that era as crucifying the nation as a "cross of gold" — the "easy money" men of today sprang immediately to attack the Conservative Members of the Federal Reserve Board as foes of the "little man" and as "boom killers".

REAL DANGER

To understand why the money managers acted contrary to the expressed point of view of the President and of many congressmen, one should scan the history of U.S. banking. We started well enough with a federal central bank; but the great populist, Andrew Jackson, soon returned banking to "the people", in the form of state banks. The record of boom and bust was so notorious that a National Banking System was voted in 1863. This too saw a succession of credit expansions and disastrous debt contractions. Finally, the Federal Reserve Act set up the present system providing that the governing board be independent of political influence.

Hence, if any Administration should "pack" the Board with "easy-money" governors, the basic intent of the Federal Reserve Act would be destroyed. Even more important, the U.S., in the eyes of the Free World, would be viewed as an irresponsible inflationist. The impact on the dollar and on our prestige worldwide could be disastrous.

NOT WITHOUT HOPE

One of the first and truly biggest jobs for the U.S. today is to contain the Red tide in Asia. War's escalation could bring huge demands for financing our effort there. The interest rate on U.S. bonds must be high enough to attract buyers. The Fed's action in hiking rates may accomplish just that. And, in the long run, if more costly interest keeps prosperity from spinning off course, the price will be a small one. But we must not forget that three decades ago an aroused people beat back a move to pack the Supreme Court. If a packing of the Reserve Board becomes an issue in the months ahead, we can again have real hope that the public will rise to the defense of the independence of our money and credit "watchdogs".

Johnny Deveaux paced the Arlington marksmen with three goals, while Costa and Hale each chipped in with two each. The other two goals were scored by Walsh and Smith.

There will be no G.B.I. league game this week since seniors will be taking College Board exams. The juniors and sophomores will meet in contests which will not count in the standings.

Arlington's underclassmen will meet Waltham.

Returns as Skating Star

Lynn Finnegan, starring in Ice Capades at Boston Garden

IT WAS not so long ago, that Lynn Finnegan was a studious youngster attending school in Boston and learning to skate at The Skating Club of Boston. She also performed in The Skating Club's annual amateur presentations. Still a studious young lady, Lynn Finnegan is listed in the Ice Capades program as one of the world famous ice show's outstanding, star performers. She first joined Capades at 10 and finished her high school education by correspondence. Then, after three years of starring roles took two years at Fairfield College, Conn. Her past summer was spent attending classes at Harvard

Sports Sidelines

Arlington Catholic's hockey team is right back in the "thick of things" despite a loss to Matignon two weeks ago, and evidently the win by Matignon was no fluke since the Cambridge team eked out a 2-1 victory over league leading and defending champion Xavier, Sunday.

Matignon, by virtue of its win, jumped into undisputed possession of first place with Xavierian, Arlington Catholic, Xavier and Austin Prep but a step behind.

A win for any of these top teams and a loss by Matignon could tighten the race even more. Xavierian and Austin battled to one of rare battles — a 0-0 tie.

Arlington Catholic came back after successive losses to swamp Newman Prep 9-1. Prep is the most scored on team in the league with 45

goals against in but six contests.

Has the field goal become a monster in football? More and more college teams are coming up with a man with the "big foot", and of course most of the leading scorers in the professional loop are PAT and field goal specialists.

Some of that uncertainty of the game is missing when the automatic kick is made. A fourth down, anywhere within the thirty yard line is next to a certain three points in professional ball, while even a fourth and a yard or two inside the ten is no longer a challenge.

We should certainly keep the foot in football, but let's not throw the touchdown away.

Two Boston Patriot players will be on hand as guest

speakers at Arlington sports programs this month. Ron Hall is scheduled as the "man of the hour" at the January meeting of the Touchdown Club, while Bob Dee will do the honors at the Elks Football banquet, Saturday night.

No regularly scheduled G.B.I. contest this week as Arlington high juniors and sophomores get the chance to feature because of exams.

The Arlington high junior varsity hockey team brought its record to three wins and a single loss, splitting with a strong Wakefield team over the holidays.

Arlington lost the first game 4-3, after coming from behind to tie the score at 3-3 late in the game.

Arlington evened the score with a 6-3 decision at the Melrose rink. Tim Russell scored three goals in the two games for Arlington.

Allan Kierstead, former A.H.S. star, now Captain of the Boston College ice team.

On the suggestion of Selectman Arthur D. Saul, Jr., Town Manager Edward C. Monahan will look into the renovation of the Park ave. bridge.

Work on the bridge has been held up because of lack of material.

Reconstruction is scheduled to take two weeks. Supt. of Public Works Francis O'Hara in his first report on the matter last month noted that it is important to have work done as soon as possible because of a safety factor.

To Mr. and Mrs. Richard B. Donnelly (Marjorie C. Knowles), 20 Higgins st., a son Dec. 20, at Symmes.

day, Attorney Leone state "Like most Arlington home owners and Tax Payers I am concerned with our rapidly increasing tax rate and the need to initiate action which will return to Arlington more of the tax dollar which is paid out. Specifically, I feel that we should try to have our State Government the M.D.C. and the MBTA invest more of their funds in much needed Arlington projects. As the campaign for Selectman develops I will spell out my platform in detail."

Attorney Leone lives at 11 Foster street with his wife, the former Lorna Bramley, and their four children, David Jr. 11, Robert 9, Adrienne 8, and John 7. All the children attend the Crosby School in East Arlington where he and Mrs. Leone served as PTA Presidents for two terms.

ren the kind of education they are receiving today.

March 1, marks the conclusion of my present three year term, for personal reasons, I shall not be a candidate for the re-election to the office of School committee.

In announcing my retirement from service on the Committee, I am very mindful of the support given me by so many each time I sought office, the honor that became mine with each election and the expression of confidence indicated when the ballots were counted.

May this fine Town of ours always receive the recognition it merits for the excellence of its educational program.

Yours very truly,
Richard W. Baker

The University of Mass. varsity hockey team has been helped by the play of Matt Connolly (Norwood), Bill Gammell (Arlington), and Don Tedford (Arlington). The Redmen travel to play at Army Jan. 6 and return home against Pennsylvania Jan. 8.

Pee Wee - Bantam Hockey

The boys of the Park and Recreation Department's Pee Wee-Bantam Hockey Program started their first games in the 1965-66 season at the M.D.C. Rink at Belmont, New Year's Day.

Paced by defenseman John Ranauro and goalie Richard Amico, the Bantam Rangers turned aside the Bantam Red Wings, 2-0 as Denaro and Carl Fiore scored for the Rangers. Despite a fine effort by forwards Peter Noonan and Maury Corkery the Red Wings tasted defeat.

In a close contest the Bantam Maroons edged the Bantam Canadiens, 3-1.

Kevin Donovan opened the scoring for the Maroons, but John Shea got the equalizer for the Canadiens on a nice play from Paul Messuri and Rusty Russell.

Thirty-seconds later Robert Quinlan, assisted by Paul Donnelly, put the Maroons ahead to stay. Backed by the strong goal tending of Ronald Crescentini, the Maroons iced the verdict on Bob Quinlan's second score of the game.

In Pee Wee action the Bruins edged the Black Hawks, 1-0, despite the stellar play of goaltender Herb Richardson.

The Bruins dominated play

as Kevin O'Neil and Jeff Corbett kept the pressure on for the victors. Prior, assisted by Lyons, notched the decisive goal with only a minute remaining in the game.

In the final action of the program, the Pee Wee Rockets defeated the Pee Wee Maple Leafs, 3-1.

Jack Repetto was involved in all the goals for Rockets, netting two on individual efforts, and assisting Tim Butler on the Rockets third goal. Bob Hayes scored for the Maple Leafs on a pretty combination from Jim McCabe and John Moran.

Arlington Catholic high school's hockey team was knocked out of first place as it suffered a second consecutive loss last week. The locals came back strong, Sunday however, with a lopsided win over Newman Prep.

Arlington is in third place, trailing first place Matignon and second place Xavier, in a five club scramble for first place.

Matignon zoomed past the two league-leaders with victories over Arlington Catholic and Xavier.

Meanwhile, Xavierian and Austin Prep are showing surprising strength as they continue in contending positions.

Xavier took over first place for a three day period by edging Catholic 2-1, a week ago Wednesday.

The winners jumped out into a two goal lead and then held on for the victory.

Brian Curry of Arlington, scored the first goal for Xavier in the first period with another Arlingtonite, Charlie Enwright picking up the assist. Enwright scored the second goal unassisted midway through the second period.

Paul Weiland scored Arlington's lone marker late in the final period with Coleman and Keefe getting assists.

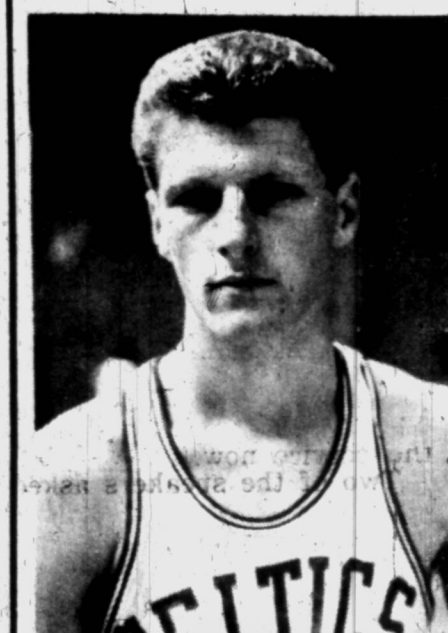

Neither team could score in the final period.

Catholic romped over seventh place Newman Prep in Sunday's game, 9-1 as Matignon moved ahead of Xavier with a 2-1 win.

Coleman, Shea and Brooks tallied two goals each as Catholic scored three times in each period in the victory Sunday.

MEL COUNTS

Height 7' — Weight 225
Age — 24
College — Oregon State, '64
Home — Coos Bay, Oregon

A resident of Arlington for the past couple of seasons, Mel lives with his lovely wife Medora, and their two-month old son at 9 Colby rd. Mel was a member of the 1964 U.S. Olympic team, and as a result was late in joining the Celtics.

He was also "late" joining the team this season, as he missed the first few weeks of the season due to a wrist he fractured in pre-season practice.

Mel first played the game of basketball at the age of 10 in his home town of Coos Bay, Oregon. He won All-State honors at Marshfield high, even though he never could pilot his school to a State title.

At Oregon State, Mel continued his outstanding play. Among the honors that came his way were three MVP trophies in the Far West Classic. He was named to nine All-America teams as a senior.

A fine shooter for a tall man, he averaged 4.7 points in abbreviated appearances last season.

Next year marks the 25th or Silver Anniversary of U.S. Savings Bonds. The first Series E Bond was sold to President Franklin D. Roosevelt on May 1, 1941.

TO THE EDITOR
Dear Sir:
I wish to extend to the staff and the readers of your newspaper the sincere thanks and appreciation of the Post Office Department and the employees of the Boston Postal District for the splendid assistance provided during the Christmas mail season.
This year we tried a special promotion of the banding of Local, Massachusetts and Out of State mail. It resulted in a great success. This never could have happened without the wonderful support which we received from the press and other means of communications. Your newspaper played a major part and we are most grateful for the help you rendered.
We must mention that the public cooperation in this program was beyond our anticipation, and we are most appreciative. We hope you

HARDY BIKE PROGRAM

In response to an article in the local newspapers regarding a bicycle safety program for the Town of Arlington, the Hardy PTA contacted Sgt. Arthur Guarente, Arlington Safety Officer, to offer cooperation in the program.

Sgt. Guarente invited members of the PTA to attend a showing of the film on bicycle safety at the Hardy school on Oct. 27. After viewing the film and hearing the Sergeant's talk to the children, the PTA suggested a bicycle registration drive during the month of November. This received Sgt. Guarente's approval, and the drive was started on Nov. 1.

The PTA acquired applications at the Arlington Police Station and made them available in the Hardy School for all children owning a bicycle over 20 inches, not yet registered. The children filled out the applications and returned them to the school with the registration fee. The completed applications were returned by the PTA to the police station once a week, and Patrolman William F. Burns issued the license and plate for each child.

The license is valid for as long as the child owns the bicycle. As each group of applications was processed, Patrolman Burns contacted the PTA. The licenses and plates were picked up at the Police Station and distributed to the children through the Principal's Office.

As a result of this drive, 35 per cent of the children owning bicycles over 20 inches, registered and received a license and plate, along with a set of Bicycle Safety rules. About 20 per cent had registered previously. For the 45 per cent not yet registered, the PTA will conduct another drive in the Spring.

Mrs. Joseph Fiore, PTA president, commended the children's activities committee and stated, "the PTA is very grateful to Sgt. Guarente for allowing them to participate in this all-important safety campaign; we also are indebted to Miss Rosella Gallagher, principal of the Hardy School, and to Patrol-

Brackett School

A Christmas Concert presented by all the boys and girls in grades 1-6 at the Brackett school was most enthusiastically received by a capacity audience of parents on Friday, Dec. 17.

It is a tradition at the Brackett school that all children in all grades be included in the annual program. The format of the program differs from year to year; but it is always coordinated to be presented with a maximum degree of effectiveness and a minimum amount of rehearsal time.

The 1965 Christmas Concert included the following songs and carols, announced by Alton Zink, grade one: "Christmas Lullaby," "Away in a Manger," "Up On the House Top," "It's a Small World," and "We Wish You a Merry Christmas."

Old-fangled star-spangled savings scheme

There's nothing new about U.S. Savings Bonds. Millions of Americans have built their savings plans around them for years.

And that's the beauty of it. Bonds are a proven way to save—and they carry a guaranteed rate of interest. You'll get back \$4 for every \$3 you invest when your Bonds are held to maturity.

Just the tax angle alone is pretty enticing. You pay no state or local income tax on E Bond interest—and you can

defer federal tax until you cash your Bonds. What's more, your Bonds convert easily into cash when you need it.

There's nothing old-fashioned about the way your Bonds go to work for your country. Every penny invested helps to keep America strong and promote the cause of freedom.

Make U.S. Savings Bonds a regular part of your family's savings scheme. It's the old-fangled, star-spangled way to insure your future.

Joseph Payne

A set of records of early English keyboard music played by Joseph Payne, organist of the Park Ave. Congregational church in Arlington, has just been released by Vox Records. The volume consists of organ and harpsichord selections, never before recorded from the Fitzwilliam Virginal Book, a 17th century collection put together by an amateur musician of the time. Payne recorded the organ pieces at King's Chapel in Boston.

Born in North China, Payne received his musical training at Lausanne Conservatory in Switzerland and

at Hartt College in Hartford, Conn., where he later served on the faculty. He has given many concerts and recitals with leading musicians in this country and abroad, and toured Great Britain under the auspices of the British Council. He was one of the last pupils of Wanda Landowska, the renowned harpsichordist.

Previously, Payne made several records for the Haydn society. He came to the staff of the Park ave. church this fall as organist and choir director, and is serving also on the music faculty of Boston University.

First awarded in 1933, long before the critical shortage of scientists was obvious, it has encouraged many young people to follow a career in science.

As the winner, Davidson will be eligible to compete for science scholarships at the University of Rochester, but he has his eyes set on either Yale, Princeton or Stanford Universities.

Last June he was awarded the Harvard Book as the outstanding member of the junior class at Arlington High school.

Zonta Christmas Party

Zonta Christmas dinner party was held at the Winchester Country club on Dec. 9. It was preceded by a gathering of members at the Was-sail bowl where several recent joiners were greeted and introduced by M. Audrey Meade, president.

Hostesses were Evelyn Harrington, Ruth Crimmins and Ann Mahon. Evelyn supervised the distribution of exchange Christmas presents.

Dr. Phyllis M. Abbott gathered many bundles which members had brought for the children at Fernald school and patients at Metropolitan State hospital where Dr. Abbott is chief physician.

The beautiful baskets of Christmas greens and reds, which Grace Scott donated as table decorations, were won by Margaret Nunes, Selma Anderson, Elsie Greenwood, Gertrude Hutchinson, Rosalia Blake, Dr. Abbott and Mary S. McAvoy.

Louise Barker won the Flower Fund prize, given by Mary Flatley. Festivities continued with the singing of Zonta songs, solos by Mrs.

Scott and traditional carols, with Grace at the piano.

Miss Mary Leveroni, a Zontian, held open house at her home, 285 Mass. ave., on Dec. 12. She was assisted at the tea table by Elsie Greenwood.

In the special decorations and unusual lighting effects, Miss Leveroni was assisted by Mrs. R. J. Peters. The project netted a generous amount for the Zonta treasury.

Fight Birth Defects — Join The March Of Dimes

700 times a day a defective child is born to bitter disappointment and a woman's tears.

One in every ten American families experiences the suffering caused by the birth of a defective child.

Working together through the March of Dimes we can do so much to stop this heartbreak and anguish. You can help. Give to the March of Dimes for research and treatment.
